

To all Life members, clubs and members,

No doubt you are just as excited as us to know that come the 1st of December, whether fully vaccinated or not, you can be back on the tracks enjoying the sport you love the most and motorcycling as we know it will be returning.

This is of course subject to the NSW restrictions at that point in time. Activity from the 1st December, will look like the below:

- Club activity can resume for all participants whether vaccinated or not.
- No person limit for major recreation facilities (which motorcycle venues are classed as). However, a 1 person per 2sqm rule will apply.
- Clubs will require an updated COVID safety plan.
- Community sports permitted for all staff, spectators and participants.
- Travel between Greater Sydney and Regional NSW permitted.

It is our strong suggestion that clubs and members keep up to date with all information shared by the below organisations:

NSW Office of Sport

<https://www.sport.nsw.gov.au/covid-19-information>

NSW Government

<https://www.nsw.gov.au/covid-19/easing-covid-19-restrictions>

Considering the 2021 Community Sport restrictions and the impact that it has had on your ability to participate in the sport you love, MNSW in consultation with Motorcycling Australia are pleased to confirm an extension of active annual licenses for members affected by the 2021 Government restrictions. All eligible annual licenses active within the NSW lockdown will automatically receive a 3-month extension. Members do not have to apply for the extension, it will be updated on your Ridernet profile. Our developers are working hard to implement these extensions and shortly you will be able to view your new licence with the updated expiry date through the Motorcycling Australia App or you can purchase a replacement licence via your Ridernet profile.

Links to the App are below.

The iOS app is available via the membership profile as per below or online

at: <https://itunes.apple.com/cg/app/motorcycling-australia/id1084802579?mt=8>

The Android app is available via the membership portal or online

at: <https://play.google.com/store/apps/details?id=com.omnisportsmanagement.mcau&hl=en>

Like all members, we are keen for motorcycle riding as we once knew it to resume. As a community we ask for your understanding that MNSW has not been provided any sort of financial assistance from the NSW Government to help recover the loss we have incurred due to the Government restrictions, however we have decided that it is only fair to our amazing members and clubs that we offer this extension.

If you have any questions, we ask that you contact the office via phone 02 8378 0790 or via email mnsw@motorcycling.com.au
