

## SMITHYS RACE RAP

### A VIEW FROM THE STARTLINE

It's been quite a while since the last Smithy's Race Rap, but due to the help the club has received, I thought it was time for another one.

The excitement had been building up to the weekend with the working bees with more helpers than ever before. If we had lights, they would not have gone home. THANKS to all who attended!!!

98 riders, 196 bikes were greeted to a chilly but sunny weekend of the 2018 Honda/The Construction Team Central Coast Cup.

With practice over, we welcomed Local Politician David Harris for the opening of the event. The racing was some of the best that had been seen in a long time with every competitor giving their best. Sure there were a few mishaps, but the thrills of the day's racing kept coming.

After 132 races, 384 practice laps, 4468 race laps we had a grid of happy Div 1 riders, 17 class winners and on another two eventful Central Coast Cups it was to be the year of the Smith's with Ryan Smith and David Smith winning the cup races. Will you be the next 2019 Central Coast Cup winners!!!
