ACTION ON THE MOUNTAIN

on the - 25th & 26th MAY

The annual 2019 Honda/The Construction Team Central Coast Cup looks set for a fast and exciting weekend of racing following the upgrade to the Allen Park MVRG track at Debenham Road North, Somersby.

A strong field of competitors has again entered for both the senior and junior events. Defending senior title holder David Smith looks a strong contender to defend his 2018 title after some impressive results at recent meetings, although he will have stiff competition from several young upcoming competitors. The junior division will also be hotly contested with defending champion Ryan Smith continuing his battle to retain his title. Many junior competitors will be testing their skills in preparation for the 2019 Australian Junior Dirt Track Championships which will be hosted at Central Coast on the 28-29 September.

This event attracts competitors from country regions and interstate as far as Queensland, Victoria with one competitor coming from Fiji.

With the installation of our new seating, we are hoping to attract more spectators to attend what is certain to be an exciting weekend of racing.

An entry fee of \$5 per vehicle is all that is needed for both days, with all gate takings going to the local St John Ambulance NSW. Canteen facilities will be available all day.

Local MP Liesel Tesch will officially open the weekend on Saturday at 9.30am, followed by practice then racing.

So fill your car and come and support our local riders.
