

Hi All,

So, I have some news to share with you all!!

I finally have some seminars up and running that I hope are not too much of a travel to get to.

Taree motorcycle club have reached out to me to plan some seminars for them.

I can confirm with you all right now that there will be a **race secretary seminar** on the **14th of December** and a **clerk of course seminar** on the **15th of December** somewhere in Taree.

I will also be doing a **scrutineer seminar** too in Taree but **probably sometime in January**. I have not started planning/organising that one as there is no date set for that one, just a list of confirmed names for a scrutineer seminar.

You are all invited to attend any of these seminars (even the scrutineer seminar too).

Please RSVP by the 24th of November 11.59pm with your full name, full address, email address your most reliable contact number (you can provide more than one if it helps too) and what seminar(s) you are attending. If your club has more than one person confirmed coming then please send a list with these details of each person.

I will then have around 3 weeks to find a venue and confirm it with all the people attending.

I will also send out a reminder a week before the closing date too just in case you have too much on your plate and forgot.

I have come to realise that seminars do not happen often and when they do, they can be a track for a lot of clubs that I handle.

So I hope these seminars help your club and that you can make it

Kind Regards,

Marie Tamvakolos
